Overview:

Ankit specializes in private equity transactions and mergers and acquisitions in various sectors involving renewable energy, specialty chemicals, infrastructure, agricultural technology, and SaaS.

With over seven years of experience in this field, Ankit has in-depth knowledge and understanding in advising clients on private equity deals involving foreign investments into India, M&A deals and on corporate commercial issues involving these transactions. He has represented both domestic and international clients in these transactions and his role encompasses everything from undertaking due diligence to drafting and finalising transaction documents, negotiating these critical documents with counter parties, and providing invaluable support throughout the closing process. His extensive knowledge and hands-on experience make him a trusted advisor in complex corporate transactions.
